

Biography

Kristy Cambron is an award-winning author of Christian fiction, including her bestselling debut *The Butterfly and the Violin*, and an author of Bible studies, including the *Verse Mapping* series.

She is a passionate storyteller who travels to speak at ministry events across the country, encouraging women to experience a deeper life in the Word through verse mapping. Her work has been named to Publishers Weekly Religion & Spirituality TOP 10, Library Journal Reviews' Best Books, RT Reviewers' Choice Awards, and received 2015 & 2017 INSPY Award nominations.

Kristy holds a degree in Art History/Research Writing, and has 15 years of experience in education and leadership development for a Fortune-100 Corporation. She lives in Indiana with her husband and three sons, and can probably be bribed with a coconut mocha latte and a good read.

Verse Mapping 101

Verse mapping is a method of studying the historical context, transliteration, translation, connotation and theological framework of a verse in the Bible. Verse mapping is getting real about studying the Bible. It's not just reading. It's researching everything in a verse to learn more about Who God is, and how He wants to speak through His Word.

Verse mapping does not require seminary training; it is for anyone with a heart to know the Word of God more. What matters is not how much knowledge one has before he or she begins, but where the experience leads. Verse mapping will inspire individuals to dig into the Word of God in individual study, and in a group setting like never before.

The method begins with prayer – the first and foremost essential part of Bible-mapping – and is followed by five simple steps:

- 1. VERSE**—*Select and write a verse(s) to map*
- 2. DESIGN**—*Write the verse(s) in 2-4 different translations. Pick out key words or phrases that stand out*
- 3. DEVELOPMENT**—*Look up key words or phrases in Hebrew/Greek. Write down definitions, synonyms and root words. Discover and note underlying meaning in verse(s)*
- 4. ACTIONS**—*Research and document what tells the story in this verse(s) through the people, places, and context referenced. Draw connections to other concepts in Scripture*
- 5. OUTCOME**—*Document what is learned in a 1-2 sentence summary of the mapping journey, making it the anchor to life application*

Kristy Cambron is an expert in verse mapping, having applied the technique to her own personal Bible study. In May 2018, she released [Luke: Gathering the](#)
